
Publisher's note

It has come to the attention of the publisher that the article, "Redefining economics: why shared value is not enough" by Glauner F. published in *Competitiveness Review*, Volume 29, Issue 5, was originally due to be published in Volume 29, Issue 1, special issue "Creating shared value: restoring the legitimacy of business and advancing competitiveness". This error was introduced in the editorial process; the publisher sincerely apologises for this error and for any inconvenience caused.
