

INDEX

- Academic logic, 53, 57
 - hybridization of, 60
- Advocacy
 - nurse-patient, 83–84
 - in nursing, phenomenological study, 83–84
- Agency, 140
- Aggressive behavior, 179, 181–183
 - prejudicial attitudes and, 190
- Androgynous behavior, 142
- Androgyny, psychological, 138
- Anger, 80
 - on behalf of others, 83–84
 - conceptualisation of, 81
 - defined, 81
 - experience of, 96
 - expressed, 89–90
 - expressions of, 88, 96, 103
 - followers, 23–26
 - forms of, 81–82
 - goal interference, 85–86
 - interpretive phenomenological analysis, 90–104
 - conflict and disrespect, 99–101
 - data analysis, 93–94
 - data collection, 92–93
 - experiential context, 94–95
 - limitations and future research, 103–104
 - patient welfare, 96–99
 - perceptions of nursing identity, 95–96
 - sample, 92
 - moral, 80–82, 86
 - muted, 88
 - personal, 80–82
 - silent, 87
 - suppressed, 87–89
 - triggers of, 86, 96, 101
- Anticipated affect
 - gender role and, 161–162
 - mediating effect of, 163
 - and subjective entrepreneurial success, 162–163
- Anticipated emotions, 161, 162
- Attachment, emotion and, 6
- Attitudes
 - prejudicial, 177, 179–182
 - aggressive behavior and, 190
 - gender and, 188
- Authenticity, 13
- BAS. *See* Behavioral Activation System (BAS)
- Bayesian analysis, 166
- Behavior
 - aggressive, 179, 181–183
 - androgynous, 142
 - biological sex congruent, 141
 - feminine, 138
 - gender differences in, 139
 - instrumentality, 151
 - leadership, 23
 - organisational, 80
 - situation-specific responsive, 142
- Behavioral Activation System (BAS), 258
- Behavioral Inhibition System (BIS), 258
- Bem's Sex-Role Inventory (BSRI), 143–144, 146–149, 160

- Biological sex congruent behavior, 141
- BIS. *See* Behavioral Inhibition System (BIS)
- BSRI. *See* Bem's Sex-Role Inventory (BSRI)
- Burnout, 115
 intrapersonal relation of Detached Concern types and, 117–118, 124–125
 measurement, 120
- Ca' Foscari Competency Centre (CFCC), 225, 231–233
- Career development, 11
- CFA. *See* Confirmatory factor analysis (CFA)
- CFCC. *See* Ca' Foscari Competency Centre (CFCC)
- Civil disobedience, 20
- Cognitive competencies, 237, 239
- Cognitive identification, 5
- Collective action
 independent pathways, 27
 intention to engage in, 25–26
- Collegial peer relationship, 207–208
- Communal relationship, 209
- Confirmatory factor analysis (CFA), 122–123
- Conservation of Resources Theory (COR), 251
- Constant diffraction, and entanglement, 211
- Contextual performance,
 non-preferred work tasks and, 251–254
- COR. *See* Conservation of Resources Theory (COR)
- Cynicism, organizational, 88
- Depersonalization, 115
- Detached Concern, 112, 113
 and burnout, intrapersonal relation, 117–118, 124–125
 concept of, 113–116
 intra-and interpersonal effects, 119–129
 analytical approach, 121
 confirmatory factor analysis, 122–123
 measures, 120–121
 participants and procedure, 119–120
 measurement, 120
 and patient care quality, interpersonal relation, 118–119, 125–127
