SUBJECT INDEX

Ableism, 23, 24
Academic staff, challenge for, 140–142
Academic success measurement, 36–37
Accessibility and acceptance for university students with diverse abilities
  American higher education, 17
  ASP, 24–25
  community and identity, 23–24
  disability in higher education, 18–20
  DS, 20–21
  equitable access legislation, 15–16
  equitable education legislation, 16–17
  equity in higher education, 14–15
  exclusivity in American higher education, 18
  faculty and staff engagement, 21–23
  raising awareness and acceptance through ASP, 25–26
Accessibility lawsuits, 36
Accessibility Studies Program (ASP), 14, 24–25
  raising awareness and acceptance through, 25–26
Accommodation and Disability Action Planning Team (ADAPT), 21
Accommodation requirements, 35
Affective factors, 119
African American students, 77, 81, 90
  biculturalism for, 78
  linguistics of racism, 78–79
  persistence, 76, 80, 82
  race and ethnic background entry characteristics, 77
  Revised Retention Model at PWUs, 78
"Air-time", 99
Alienation, 67–68
American Association of State Colleges and Universities, 51
American Council on Education, 51
American higher education, 17
  exclusivity in, 18
American undergraduate degrees, 17
American university students with disabilities, 16
Americans with Disabilities Act (ADA), 15, 35
  and 504 accommodations, 35–36
  reasonable accommodation, 36
  uniformity in higher education, 36
Anxiety, 21, 32, 132, 134, 135, 137, 139
"Anything but race" strategy, 80
Assistive Technology of Act (1998), 16
Association of American Medical Colleges, 114
Auto-ethnographic research, 100

Barriers in higher education, 66
Basic housing allowance (BAH), 49
Biculturalism for African-American students, 78
Biculturality, 78–79
Black–White binary racial concept, 102
Blindness, 36
Bonilla-Silva's study, 78–79
Bourdieu's theory of capital, 149
Brief Resilience Scale (BRS), 117, 119

Campus culture, 53
Carnegie Foundation for Advancement of Teaching, 81
Central Washington University (CWU), 14, 17, 21, 23
  ASP, 25
Children first-generation learners, 149

"Choice-avoiders", 156
Civil Rights Act (1964), 15–16
Cohen *d* for *t*-tests, 118–119
Cohesive identity, 54
Color-blind racism, 78–79
Community, 14, 23–24
  Latino Student Organization and, 68–69
  of practice, 56
Competence, 20, 24, 25, 91
Complex intersectional interplays, 102
Council for the Advancement of Higher Education Standards (CAS), 56
Critical Race theory (CRT), 66
Cronbach's alpha estimates, 119
Cross's model, 77
Cultural capital, 149
Curriculum, 23, 25

Data analysis, 39, 118–119, 152–161
Data collection
  and analysis, 83, 85–89
  procedure, 39, 151–152
  tools for, 151
Decision, 150, 151
Deficit cognitive frame, 49
Demographics, 119
Descriptive coding, 65
Descriptive statistics, 82, 83, 118
Differential socialization process, 150
Direct racial language, avoiding, 79
Disability, 18, 21
  in higher education, 18–20
Disability services (DS), 14, 20–21
Discrimination, 105
Diversity, 62, 63, 69–70
"Dominant paradigm", 49

Economist, *The*, 17
Education of All Handicapped Children Act (1975), 16
Educational attainment, 148, 149
Educators, 49, 51, 55, 56
Elementary and Secondary Education Act (1965), 16
Emotions, 133
  as new students at university, 67–68
"Encounter" stage in Cross' model, 77
English as a second language (ESL), 123
Environmental microaggressions, 107
Equitable access legislation, 15–16
Equitable education legislation, 16–17
Equity
  cognitive frame, 49
  in higher education, 14–15
Every Student Succeeds Act, 16
Exclusivity in American higher education, 18
Experiences as new students at university, 67–68
EYES theory, 96, 102–104
  international students, 97–98
  looking glass-self and racial identity development, 104–105
  potential research implications, 107–108
  preliminary conceptual framework, 103
  racial experiences of international students in United States, 98–100
  racial microaggressions, 105–107
  racialization and international students in US higher institutions, 100–102
  theoretical framework, methodology, 100–107

Face-to-face conversations, 134
Faculty and staff engagement, 21–23
Failure
  events, 121
  Fear of academic failure, 135–137
  in medical school, 117
Financial incentive to enroll in college, 52–53
Fine balance, 140–142
First-generation Latinx students (FGLS), 63
First-generation learners, 149

First-generation students, 148, 155
differences in educational planning and realization, 157–161
Focus-group interviews, 98
Forever GI Bill, 32
Fulfilled civilian self, 54

General Education requirements, 17
Generalized Self-Efficacy Scale (GSE), 117
GI Bill, 32, 48
post-9/11 GI Bill, 52
Government Accounting Office (GAO), 18
Graduate degrees, 123
Graduate Medical Education (GME), 114

Handicap, 18
Harry W. Colmery Veterans Educational Assistance Act, 32
HEIs, 131–136, 139, 141
Hidden wounds, 30
impact in higher education, 33
Higher education (HE), 63, 131
disability in, 18–20
in England and mature students, 131–132
equity in, 14–15
impact of hidden wounds in, 33
student support in, 34–35
uniformity in, 36
Higher Education Act (1965), 16
Higher Education Compliance Alliance, 35
Higher Education Opportunity Act (2008), 16
Hispanic Serving Institution (HSI), 14
Human motivation theories, 31, 33

Identity, 23–24
cohesive, 54
racial identity development, 104–105
social, 97, 104
Impairment, 18
Improvized explosive devices (IEDs), 32
In-depth interviewing structure, 65
Indian higher education system, 148
data analysis technique, 152–161
data collection procedure, 151–152
literature review, 148–149
methodology, 151–161
participants, 151
theoretical framework, 149–150
tools for data collection, 151
Individualized education program (IEP), 16
Individuals with Disabilities Education Act (IDEA), 16, 35
Inequality, 148, 149
Institute of International Education (IIE), 97
Institutional barriers impacting student veterans, 50–51
Instructional Materials Accessibility Act (2002), 16
Instrumentation, 38–39
International students, 97–98
in US higher institutions, 100–102
Interviews, 38

Kruskal–Wallis one-way analysis of variance, 85
Kruskal–Wallis test, 83

Latina/o critical race theory (LatCrit), 63, 66
Latinx student organization (LSO), 62
providing community and sense of belonging, 68–69
Latinx students, 62, 64
Learning disabilities, 21
Leave of absence (LOA), 119
Linguistics of racism, 78–80
Loneliness, 67–68
Looking glass-self theory, 104–105
Lower-income students, 76

Maslow's hierarchy of needs, 31, 34
Mature students, 130
academic challenges, 135–137

external challenges to academic attainment, 135–137
fear of academic failure, 135–137
fine balance and challenge for academic staff, 140–142
inclusive practice, 133–135
listening to student voice, 138–140
personalised approach and "sense of belonging", 132–133
research context, 131–132
social integration, 137–138
student enrolment numbers at English HEIs, 131
Medical school, 114, 115
Medical students, 115, 121, 122, 123
Microaggressions, 23, 106, 107
Microassaults, 106–107
Microinsults, 107
Microinvalidations, 107
Middle-class habitus, 155
Military culture, 53
Military service and disabilities, 31–33
Military-related trauma, 56
Mortification, 104
Multicollinearity, 83
Multidimensional Scale of Perceived Social Support (MSPSS), 34
instrument, 39
modified, 38, 40, 41

National Association of Student Personnel Administrators, 51
National Association of Veteran's Program Administrators, 51
National Center for Education Statistics (NCES), 50–51
National Resident Matching Program (NRMP), 115
Negative shifters, 156
Negatively focused group category, 157
Neoracism, 98
Niche-provider setting, 138
Nigrescence model, 77
No Child Left Behind Act (2001), 16
Nontraditional student, 51

Participant demographics, 40, 65
"Patterns and Trends in UK HE 2017" report, 130
Peer support system, 137
People with disabilities (PWDs), 14
Perceptions, 99
Persistence of African-American students (*see also* Student persistence and retention models), 76, 77
data collection and analysis, 83
methodology, 81–83
population of interest, 81
PWU characteristics, 81
ranking variables, 81–82
research question, 81
results, 83–90
variables, 82–83
Phenomenological approach, 37
Phraseology, 107
Planning stage, 152
Population
camouflage, 54
of interest, 81
and sample, 37–38
Positive shifters, 156
"Positively focused" group category, 153–154
Post-traumatic stress disorder (PTSD), 30, 34, 55, 56
Postsecondary education, 16
Predominantly white schools (PWSs), 79
Predominantly White Universities (PWUs), 77
characteristics, 81
Predominately White Institutions (PWIs), 62
diversity underestimated, 69–70
emotions and experiences as new students at university, 67–68
findings, 66
institutional factors, 69–71
literature review, 63–64
LSO providing community and sense of belonging, 68–69

methodology, 64–71
participant demographics, 65
superficial institutional support, 70–71
theoretical constructs, 66
Pride, 104
Psychosocial variables, 76

Race/racial/racism, 101, 102
experiences of international students in United States, 98–100
identity development, 104–105
linguistics of, 78–80
microaggressions, 105–107
Racialization in US higher institutions, 100–102
Realization stage, 152
Reasonable accommodation, 36
Rehabilitation Act (1973), 15, 16, 35
Reliability, 38–39
Remediation interventions, 121
Research experiences and products, 122
Research Universities with Very High research activities (RU/VH), 81
Residency, 114
Residency "match" outcomes, 121
graduate degrees, 123
research experiences and products, 122
USMLE step scores, 122
work and volunteer experiences, 122–123
Resiliency, 115, 120
affective factors, 119
data analysis, 118–119
demographics, 119
failure events, 121
instruments, 117–118
methods, 116–118
remediation interventions, 121
residency "match" outcomes, 121–123
resident selection, 115–116
results, 118–123
sample, 116
sampling procedure, 117
self-compassion, 120–121
self-efficacy, 119–120
Respondent-driven sampling, 117
Return to education, 132

Scheduled castes/scheduled tribes (SC/ST), 148, 149
habitations, 149
Self-compassion, 120–121
Self-Compassion Scale-Short Form (SCS-SF), 117
Self-constructed questionnaire, 151
Self-efficacy, 119–120
Self-feelings, 104
Semantic moves, 79–80
Sense of belonging, 132–133, 135
Servicemen's Readjustment Act (1944), 48
Social capital, 149
Social environment, 34
Social identity, 97, 104
Social integration, 137–138
Socialization practices, 101
Socioeconomic status (SES), 76
Spearman's rank correlation coefficient, 83, 85, 89
Spearman's rho (*see* Spearman's rank correlation coefficient)
Staff intervention, 138
Standardization, 41
Stigmatization, 32–33
Stratified sampling technique, 151
Student Consultation Team, 20
Student involvement theory, 31, 34
Student mortality, 77
Student persistence and retention models (*see also* Persistence of African-American students), 77
avoiding direct racial language, 79
linguistics of racism, 78–80
Rodgers and Summers' revised, 77–78
semantic moves, 79–80

Student support in higher education, 34–35
Student veterans, 30
  academic success measurement, 36–37
  ADA and 504 accommodations, 35–36
  brief framework, 31
  data analysis, 39
  data collection procedure, 39
  demographics, 51–52
  financial incentive to enroll in college, 52–53
  finding gap, 37
  impact of hidden wounds in higher education, 33
  implications and recommendations, 42–43
  institutional barriers impacting, 50–51
  instrumentation, 38–39
  military service and disabilities, 31–33
  opportunities and challenges, 53–56
  opportunity and significance, 30–31
  participant demographics, 40
  population and sample, 37–38
  presentation of data, 40–42
  research methodology and design, 37–39
  response of colleges and universities, 56–57
  stigmatization, 32–33
  student support in higher education, 34–35
  study findings, 39–42
  support needs, 33–34
  transition to civilian life, 32
  validity and reliability, 38–39
Subjective experiences of feelings, 116
Superficial institutional support, 70–71
Support needs, 33–34
Survey methodology, 81–82
Systemic microaggressions, 107

Tech Act (2004) (*see* Assistive Technology of Act (1998))
Timetabling, 139
Transition to civilian life, 32
Traumatic brain injuries (TBI), 30
"Tunnel vision" intervention approaches, 130

Undergraduate Medical Education (UME), 114
Undergraduate retention, 77
Uniformity in higher education, 36
United Nations Convention on Rights of Persons with Disabilities, 14, 19
United States Medical Licensing Exam (USMLE), 119
  step scores, 122
United States military veteran
  institutional barriers impacting student veterans, 50–51
  student veteran experience, 51–57
University and Colleges Admission Services (UCAS), 130
"Unstable choosers", 156
US Census Bureau Report of Survey of Income and Program Participation, 21
US Department of Education, 35
US international medical graduates (US IMGs), 114, 115

Validity, 38–39
Variables, 82–83
  psychosocial, 76
  ranking, 81–82
Verbal strategies, 79
Virtual learning environments, 139
Vocational program, 133

White/Anglo-Saxon culture, 62
Whiteness, 99, 100
Widening participation (WP), 130
Women veterans, 55
Work and volunteer experiences, 122–123
Workforce Investment Act (1998), 16
