

INDEX

- ABC4EU Dissemination Plan,
203–204, 209
- Academic Search Elite (EBSCOhost),
26
- Academic training, 77, 79, 87
- Adaptive leadership and ‘second-
generation’ creativity,
140–142
- Administrative innovation, 58–59
- Adversity quotient, 139
- ‘Advertising basics’, 80, 82, 85
- American Psychological Association,
137
- AmFostAcolo, 101, 103, 107
- Application methods, 83, 84
- ‘Architecture of listening’, 15
- Articulated stakeholder impulses, 12
- ATLAS.ti, 28
- Automated Border Control (ABC)
gates project, 198
- ‘Basic knowledge’, 80, 84–86
effects of knowledge transfer on
creativity, 82
mediation of, 85
transfer, 80
- Bauman’s classification, 155
- Biblical stories, 164
- ‘Blue fluid’, 158
- Bodyform, 158
- Business Source Elite (EBSCOhost),
26
- Christian Churches, 164, 165, 166,
170, 176, 178
- Co-creation of knowledge, 115
end-user participation, modes and
challenges of, 127–128
- findings, 118
further study, 128–132
for innovation in the scholarly
literature, 120–125
method, 117
data extraction table (DET),
117–118
Search, 117
Selection Criteria, 117
roles of end-users, 125–126
- Co-creation of service offerings, 123
- Co-creation projects, 120
and innovation network, 121
and Public Entities, 121–123
- Collaborative crowdsourcing
applications, 94
- Collaborative service development,
121, 125
- Communication, 141, 143, 157,
199–203
behaviour, 60, 83, 84
enabling, 64–67
management, 7, 12, 14, 217,
219–221
quality, dimensions of, 206
skills, 17, 70
- Communication & Mass Media
Complete (CMMC;
EBSCOhost), 26
- ‘Communication basics’, 80, 84, 85
- Communications Plan, 206, 210
- Communication tools (user-centred),
178
- Communication Value Circle, 18
- Competence, 25, 35, 36, 78, 96, 123,
140, 200
- Complexity leadership theory, 141
- Complexity science, 141–142

- Complex systems theory, 142
- Complex value networks, 121, 132
- Conception, 78, 81, 83, 84
- Conceptual blending, 186, 189, 194
- Conceptual communication
frameworks, 217
- Conceptual framework and directions
for future research,
144–145
- Conceptual integration, 189
- Content analysis, 101, 102, 186, 190
- Context mapping, 221
- Contextualisation, 224
- Contribution activities, 98, 102, 107,
111
reciprocity, or helping others and,
99
self-improvement opportunities
and, 98–99
social capital and, 98
- Corbisimages, 169
- Core values, definition of, 180–181
- Corporate communications, 4–5, 7, 8,
10, 13, 14, 15, 17, 18, 19
- Corporate cultures, 4, 5, 6, 16, 18
- Corporate listening, 3
current research on, 5
definition, 11–14
inbound perspective of
corporations, 8–10
intra- and inter-organisational
listening approaches, 5–8
strategic communication as a
theoretical framework for,
10–11
as a strategic mode, 14
activities, 14–15
strategies, 15–16
strategic perspectives on, 16–17
value creation through, 18
development of opportunities,
19
intangible assets, 18
room for manoeuvre, 18
tangible assets, 18
- Corporate messaging, 13, 14
- Creative ads, 187
- Creative individual, 136, 137–138
- Creative interdisciplinarity, fostering,
23
aims and methodology, 25–28
findings, 28
Studies in Ethical Leadership,
28–30
Studies in Leaders' ICC, 31–33
limitations and suggestions for
future research, 33–35
- Creative methods, 178, 179
- Creative visualisation techniques, 217
- Creativity, 77
culture, public relations and,
157–159
definition of, 186–187
and innovativeness, 58, 63
method, 190
coding criteria, 190–191
intercoder reliability, 191
procedure, 191
psychometric tradition of creativity
research, 137
in public relations, 187–188
results, 191–193
'second-generation' perspective on
creativity, 139
