

It has come to the attention of the publishers that the articles “A framework for enterprise risk identification and management: the resource-based view”, by Birendra K. Mishra, Erik Rolland, Asish Satpathy and Michael Moore, and “Mitigating financial leakages through effective money laundering investigation”, by Sharifah Nazatul Faiza Syed Mustapha Nazri, Salwa Zolkafil and Normah Omar, were incorrectly published in *Managerial Auditing Journal* Volume 34, Issue 2, rather than in the full Organizational Risk, Fraud, Forensics, Anti Money Laundering Laws and Controls and Corporate Corruption special issue. This error was introduced in the editorial process, and the publisher sincerely apologises for this error and for any inconvenience caused.
