## ACKNOWLEDGMENTS

I am grateful to Brea Perry for the invitation to serve as the volume editor for *Food Systems and Health*, and for all of her assistance throughout the review and production process. At Emerald, I thank Christina Irving Turner, who got the volume underway, and Jen McCall, who skillfully brought it to press. I deeply appreciate the work of the anonymous reviewers, whose many brilliant insights and suggestions appear throughout this volume. Lastly, I thank my husband, Matt Glaser, whose endless curiosity about all things related to food and health have become part of my joy in doing this work.
