

BRIEF INTRODUCTION OF THE SERIES

COMMUNITY, ENVIRONMENT AND DISASTER RISK MANAGEMENT

This series connects academic research to field practice, strengthening the links between the environment, disaster, and community. The series was developed on field evidences and community practices and thus will provide specific guides to professionals, which are grounded in rigorous academic analysis. The series has specific focus on community-based disaster risk management, urban environmental management, human security, water community, risk communication, climate change adaptation, climate disaster resilience, and community-based practices.
