

SUBJECT INDEX

Note: Page numbers followed by “*n*” indicate notes.

- Academia, 163
- Academic Capitalism, 8, 91, 94–96
- Academic municipalities
 - academic capitalism, 94–96
 - cybernetic model, 93
 - political models of governance, 91–93
 - previous university governance models, 91
 - regime politics, 100–101
 - regime politics and university governance, 100
 - role of culture, 93–94
 - theories of urban governance, 97–99
 - urban politics and, 96–97
- Academic staff, 72
 - requirements, 62–63
- Academic systems, 94
- Acceleration, 184
- Accountability, 10, 139
- Administrator, 58–59
 - university, 58, 61
- Appropriation, 37
- Australia, HEIs in, 164–169
- Bill of Rights, 132
- Business models, 67–68
- “Butterfly effects”, 7, 58
 - academic staff requirements, 62–63
 - business models, 67–68
 - challenges in administrating universities, 58–59
 - enhancing research impact, 63–64
 - management aspects of higher education systems, 60–61
 - student-centered campus, 64–67
- Capital, 90
- Case study, 73
- Centrality, 145
- Centralization, 78
- Change management, 4–5
- Chief executive officers, 126
- Chinks-in-the-Armor Framework, 7
- Citizens, urban politics and, 99
- Coaching and supporting roles, 195–196
- Coercive isomorphism, 147
- Collaborative risk management,
 - 117–118
- “Collegiality”, 74
- Commercial managers, 116
- Communication, 66
- Comparative Religion, 67
- Competency-based Education, 65
- Competition, 4
- Competitiveness Strategy, 161
- Constituencies, 96
- Contract management practices, 116
 - collaborative risk management, 117–118
 - Vice Chancellor’s team engagement, 118–120
- Convergence, 41
 - across dislocated communities in college, 42–52
 - seeding conversation to developing, 50–52
- Corporate sector, 182
 - adapting insights for talent development in strategic innovation from, 185–186
 - higher education adapting insights on strategic innovation from, 180–181

- research sources on strategic innovation in, 197
- Covid-19 pandemic, 111
- Creating Connections Consortium [C3], 53*n*5
- Cross-cultural Psychology, 67
- Culture role, 93–94
- Cyber liability, 14
- Cybernetic model, 91, 93
- Cybernetic system, 90

- Data collection method, 48, 73
- Department of Health and Social Care, 114
- Digital competencies, 186
- Digital textbooks, 65
- Digital transformation, 186
- Disciplinary units, 72
- Discovery, 184
- Distinctiveness, 145
- Distributed leadership, 38
 - strategic planning defined by, 40
- Diversity, 66–67
- Diversity, equity, and inclusion (DEI), 37, 51
- Documentary research, 38
- Dual-traditional model, 127
- Durability, 145

- Economics, 96
- Education, 59
 - policy as practice, 37–38
- Educational and Student Experience, 79
- Elite theory, 97
- Emotional intelligence, 66
- English National Student Survey, 81
- Enterprise Resource Planning systems, 114
- Enterprise risk management, 15
- enterprise-wide human resource participation, 19
- Enterprise-wide participation in risk management program, 19–20

- Enterprise-wide risk management (EWRM), 6, 15
 - need to review risk strategies in independent HE, 16–17
- OLC, 18–29
- OLC risk management PDCA cycle, 29–30
- origins of regulating management risk in higher education, 15–16
 - research study, 14–15
- Entrepreneurial behaviour, 14
- Entrepreneurial Discovery Process (EDP), 159
- Episodic improvization, 112
- Equity, 49
- “Espoused values”, 129
- Ethical culture, 133
- Ethnographic approach, 37–38
- Ethnography, 38
- European Commission, 158–159
- European Higher Education Area, 126
- Exacerbating tensions, 75
- Excel, 114–115
- Excellence, 5
- Experiential learning, 9
- External risks, 110

- Faculty engagement with strategic innovation, 186–189
- Faculty of Arts, 72
 - organizational chart, 78
- Faculty Steering Committee, 41, 42
- Failure, modes, effects and criticality analysis (FMECA), 22
- Fallist Protests [2015–2016], 129–131
- Feedback loops, 93
- Field notes, 38
- Finland, Smart Specialization strategy in, 159–164
- “Flexible hub” model, 81
- Focus groups, 73, 80, 82
 - document activity, 87–88
- Full-time student equivalents (FTEs), 132

- Gaming, 112
- Garbage Can Model of Organizational Choice*, 92
- Globalization, 116
- Governance of universities, 129–131
- 2015–2016 Fallist Protests
 - accountability and acting in best interests, 139
 - analysis of statutes, 133–137
 - case of Rhodes University as Public South African HEI, 131–133
 - comparative analysis, 133
 - composition of institutional forum, 137–138
 - evolution of governance in South African HEIs, 127–129
 - institutional culture, 129
 - relationship with government, 126–127
 - review process, 133
- Governance[s], 5, 60
- of higher education, 4
 - pattern of, 6
- Governmental funds, 4
- Greenfields University, 181, 182–189
- Health, 59
- Heartland State University
- scenario, 189–190
 - sustaining strategic innovation at, 190–191
- Heartland State University, 181
- Heterarchy, 40
- Heteroglossia, 52
- Higher education (HE), 4, 6, 8, 10, 15, 106–107, 126
- academic space in, 5
 - adapting insights on strategic innovation from corporate sector, 180–181
 - background and relevant literature, 74
 - findings, 75
 - focus group document activity, 87–88
- Governance Code of Practice and Principles, 16
- implications for quality and quality assurance in, 152–153
 - isomorphism in, 147–149
 - isomorphism through institutional ranking systems in, 149–150
 - management aspects of higher education systems, 60–61
 - methodological reflections, 81–83
 - need to review risk strategies in independent HE, 16–17
 - in Organization for Economic Co-operation and Development countries, 176–177
 - origins of regulating management risk in, 15–16
 - professional services staff, 72
 - regulatory ownership and meaning, 76–77
 - strategic challenges for teaching and learning in, 178–179
 - strategic innovation in higher education teaching and learning, 179–180
 - strategic planning, 36
 - tale of two [stratified] teams, 79–81
 - TEF as regulatory policy, 74–75
 - threat of consistent inconsistency, 77–79
- Higher Education Act, 9
- Higher Education and Research Act, 24
- Higher Education Funding Council for England (HEFCE), 15
- Higher education institutions (HEI), 6, 10, 14, 60, 72, 106–107, 114, 126, 158
- adopting principles of HEI risk management, 25
 - Australia, 164–169
 - developing HEI risk management program scope, 20–22
 - Finland, 159–164
 - Smart Specialization strategy, 158–159

- Historically black institutions (HBIs), 130
- “Homogeneity”, 77
- Human development, 59
- Human dignity, 126
- Human resources, 99
- Huxley, 93
- Implementation, 37
 - hierarchical power of, 36
 - top-down policy, 37
- Inclusion, 66–67
 - of participants, 40
- Inclusivity, 49
- Income, 59
- Incubation, 184
- Individual risk perception, 113–114
- Innovation, 8, 65, 186
 - leadership and management, 195
- Innovation and learning ecosystems (ILEs), 10, 158
- “Insiders”, 5
- Institutional culture, 129
- Institutional isomorphism, 150
- Institutional memory, 39–40
- Institutional rankings
 - implications for quality and quality assurance in higher education, 152–153
 - institutional types and differences, 146–147
 - isomorphism in higher education, 147–149
 - isomorphism through institutional ranking systems in higher education, 149–150
 - levels of pressure emanating from university rankings and isomorphism, 150–152
 - organizational identity theory as theoretical lens, 145–146
 - spatial approach for quality assurance in higher education, 153–154
- Institutional Research, 48
- Intellectual capital, 65–66
- Inter alia*, 126
- “Interlocuter Framework”, 83
- Interviews, 38
- Isomorphism, 77
 - in higher education, 147–149
 - through institutional ranking systems in higher education, 149–150
 - levels of pressure emanating from university rankings and, 150–152
- Jovial mockery, 79
- King IV™ (*see* King IV™ Report for Corporate Governance)
- King IV™ Report for Corporate Governance, 132
- Knowledge Exchange Framework (KEF), 106
- Knowledge intensive communities (IKCs), 10, 158
- LAB, 159–160
- Language, 52
- Latrobe Valley Authority (LVA), 165
- Leadership, 49, 98–99
- Learning, 62
 - strategic challenges for teaching and learning in higher education, 178–179
 - strategic innovation in higher education teaching and learning, 179–180
- Learning beyond the classroom (LBC), 53*n*2
- Local enhancement team, 81
- Local Government Act, 115
- Loose coupling, 92
- Management, 7
 - aspects of higher education systems, 60–61
 - exploring management structures for sustaining strategic innovation, 191–194

- Heartland State University
 - Scenario, 189–190
 - issues in sustaining strategic innovation, 189
 - sustaining strategic innovation at Heartland State University, 190–191
 - Managerialism, 110
 - Melbourne Sustainable Society Institute (MSSI), 165
 - Mimetic isomorphism, 148
 - Mission statement, 144
 - Multi-governance, strategic planning as, 38–42
 - Multi-leadership environment, strategic planning as, 38–42
 - Multidisciplinary research, 64
 - Multiplicity, 145–146

 - National Audit Office (NAO), 116
 - National Research Foundation (NRF), 151
 - National Student Financial Aid Scheme (NSFAS), 131
 - “Negative” resistive improvisation, 113
 - Negotiation, 36
 - “Neoliberal administrator”, 74
 - “Non-academic” staff, 72, 74, 79
 - Non-racialism, 126
 - Non-sexism, 126
 - Normative isomorphism, 148–149
 - NVivo software, 83

 - Objective values, 64
 - Office for Fair Access (OFFA), 24
 - Office for Students (OfS), 24, 108
 - Online Learning Consortium, 65
 - Opportunity, 75
 - Organisational Learning Centre (OLC), 15, 18–19
 - developing HEI risk management program scope, 20–22
 - ensuring operational accountability for risk management program, 22–26
 - enterprise-wide participation in risk management program, 19–20
 - FMECA excerpt from risk register, 23
 - OLC risk management PDCA cycle, 29–30
 - PDCA, 26–29
 - Organizational culture, 93, 94
 - Organizational function, strategic innovation as, 196–197
 - Organizational identity theory, 9
 - “Outsiders”, 5

 - Päijät-Häme Sports, Experiences and Well-being Road Map 2030 (P-HSEWR2030), 162–164
 - Participant observation, 38
 - Participation, 10
 - Plan, do, check and act (PDCA), 14, 26
 - OLC risk management PDCA cycle, 29–30
 - operational checking and monitoring, 28
 - operational risk treatment and risk action, 27–28
 - organization-wide meetings and communication, 28–29
 - preparing for risk management program deployment, 26
 - strategic risk management planning processes, 27
- Pluralism, 97
 - Plurality, 145–146
 - Policy, 51
 - “Policy as a practice of power”, 36, 37
 - Political model
 - of governance, 91–93
 - of university, 90
 - “Positive” resistive improvisation, 113
 - Postgraduate Association (PGA), 136
 - Power
 - dynamics, 129
 - origins of, 97–98
 - practices of, 37–38

- Practice, 51
 of power, 37–38
 practice-based innovation model, 159
 practice-oriented approach, 37
 Practicum arrangements, 66
 Preparation, Plan, Do, Check and Act (P2DCA), 6
 Preventable risks, 110
 Problem-solving approach, 65
 Procurement, 109, 116
 Professional services staff (PS staff), 72
 Project management risk, 18
- Qualitative research approach, 64
 Quality, 72
 checker, 78–79
 management systems, 18
 Quality Assurance Agency (QAA), 15–16, 18
 Quality assurance in higher education, 152–153
 spatial approach for, 153–154
 Quality Code, 18
- Recursive dynamics, 37
 Regime politics, 100–101
 and university governance, 100
 Regime theory, 97
 Republic of scholars model, 126
 Research and development (R&D), 159
 Research Excellence Framework (REF), 106
 Resistive improvisation, 112
 Resource competition, 96
 #Rhodesmustfall, 130
 Rhodes University, 130
 RIS3strategy, 164
 Risk, 110
 contract management practices, 116–120
 ensuring operational accountability for risk management program, 22–26
 HEI, 106–109
 in higher education, 15–16
 improvisations to manage risk, 112–113
 individual risk perception, 113–114
 logs, 117
 management, 15, 19
 perception, 111–112
 registers, 115
 stakeholders and, 114–115
 stakeholders and risk, 114–115
 Risk assessment (RA), 21
 Risks, Assumptions, Issues and Dependencies logs (RAID logs), 115
 Risks Assumptions Dependencies Issues Opportunities log (RADIO log), 118
 Royal Melbourne Institute of Technology (RMIT), 10, 165
- Scenario-based proof-of-concept tests, 181–182
- Science
 revisiting, 64
 values and, 64–65
 Science, Technology, Engineering and Mathematics (STEM), 64
 Self-regulatory codes, 9
 Semi-structured improvisation, 112
 Shared governance, 38
 Skype, 65
 Small-and medium-sized enterprises, 61
 Smart Specialization strategy [RIS3], 10, 158–159
 Sociocultural activity theories, 37
 Sociocultural theory, 37–38
 Sociology, 64
 South African HEIs, governance evolution in, 127–129
 Spatial approach for quality assurance in higher education, 153–154
 Staff engagement with strategic innovation, 186–189
 Staff recruitment and development for strategic innovation, 183–184
 Stakeholder organizations, 126
 “Stakeholderization”, 129

- Stakeholders and risk, 114–115
- STEAM, 64
- Strategic innovation, 11, 177–178
 - higher education adapting insights
 - on strategic innovation
 - from corporate sector, 180–181
 - in higher education teaching and learning, 179–180
 - management issues in sustaining, 189–194
 - next steps in testing adaptability of corporate insights on, 197–198
 - scenario-based proof-of-concept tests, 181–182
 - scenarios to adapt corporate insights on, 194–197
 - across sectors, 176–177
 - sources for adapting insights on strategic innovation across sectors, 197
 - strategic challenges for teaching and learning in higher education, 178–179
 - talent management to initiate, 182–189
- Strategic planning, 158
 - building participation, trust, and convergence across dislocated communities, 42
 - building response to community silos, 47–49
 - creating conditions to hear variety of voices, 49–50
 - culturally viable through negotiations within Williams' shared governance model, 40–42
 - defined by distributed leadership and multiplicity of expertise, 40
 - institutional memory, 39–40
 - internal needs, external review, 38–39
 - as multi-governance and multi-leadership environment, 38
 - seeding conversation to developing convergence, 50–52
 - sociocultural theory, 37–38
 - starting context with communities, 43–47
- Strategic risks, 110
 - management planning processes, 27
- Stratification, 79–81
- Student Services, 79, 81
- Student Transformative Learning Record (STLR), 189–190
- Student-centered campus, 64
 - diversity and inclusion, 66–67
 - innovations, 65
 - intellectual capital, 65–66
 - revisiting science, 64
 - values and science, 64–65
- Subject-level TEF, 76
- Subjective values, 64
- Subversive improvisation, 112
- Subversive language, 79
- Supervisory neglect, 108
- Surveys, 38
- Sustainability, 51, 185
- Sustainable governance, 79
- Talent capability, 194
- Talent management to initiate
 - strategic innovation, 182
 - continued professional growth
 - for faculty and staff engagement, 186–189
 - staff recruitment and development
 - for strategic innovation at Greenfields University, 183–184
 - talent development in strategic innovation from corporate sector, 185–186
- Teaching
 - essentials of, 62
 - lecturing to, 62–63
 - staff, 72
 - strategic challenges for teaching and learning in higher education, 178–179

- strategic innovation in higher education teaching and learning, 179–180
- Teaching Excellence and Student Outcomes Framework (TEF), 72
 - as regulatory policy, 74–75
